

CAVALIER SWIMMING POOL PROJECT

This project involves the renovation of the existing Cavalier Swimming Pool. The project is estimated to cost \$1.4 million. We have received \$600,000 in grant money from the North Dakota Parks and Recreation. We have been actively fundraising with our goal to raise \$200,000.

The Cavalier Swimming Pool was built in 1973 and is in need of major renovations. The renovations that will occur starting Spring 2024 include:

- Replacing our diving boards
- Repairing guard stands
- Main drain replacement
- Pool filtration system, chemical system
- Install automatic water level controller
- Replace pool heater
- Install ADA compliant deck equipment
- Repair cracking in pool wall finish and cracked pool decking
- Plus, much more!

Recreation hopes that you will join us, and help fund the cost of the Cavalier Swimming Pool renovation.

Cavalier Swimming Pool Renovation Donation

Name: _____

Address: _____

Phone: _____

Donation levels (names will be displayed on recognition wall):

___ Platinum Sponsor (\$5,000+) in the amount of _____
